Candace and LD 3 Board,

We had our Executive Board Meeting tonight to discuss the Challenge to your LD Election. We voted to recommend you to hold a special meeting and in quorum decide to either accept the results of your earlier State Committeeman election or hold another State Committeeman Election. Preferably before January 4, 2023, the date in the MCRC Bylaws for SC Submittal.

ARTICLE IV - NOMINATIONS AND ELECTIONS
Section 1 – Election of State Committeemen
A. At the district organizational meeting each District Committee shall meet and in person or by proxy, shall elect State Committeemen in accordance with ARS.
B. The District Chairman shall certify the results to the MCRC Chairman and the State GOP Chairman at least ten (10) days prior to the county Statutory Organizational Meeting.

Why?

Because your meeting rule#4 did not allow for the ballots to be passed to another person after credentialing. According to our interviews, some ballots were submitted early to members of your Nomination/Ballot/Tally Committee before voting actually began and were physically carried to the ballot box by the leaders of these committees.

Your committee will need to decide in a special meeting whether you wish to accept the earlier results or proceed with another

State Committeeman Election.

We had no reports of Officer Election Ballots being submitted by another other than the original PC and are not in question.

Please contact me with any questions.

Mickie Niland
Chairwoman
Maricopa County Republican Committee
